Course Description

Doctrine, GSB100 — course begins in the book of Acts because Acts (the New Testament “book of beginnings”) contains hidden doctrinal points. Points 1 and Points 2 cover other doctrinal subjects (points) from God and the Godhead to Evangelism/Witnessing.

Old Testament, GSB300 — is not a verse-by-verse study; instead, it is more of a survey (overall look) of the Old Testament. Prophetic books of the Bible not covered in this course are part of GSB400.

New Testament, GSB200 — is a verse-by-verse study, in 2 sections, covering all epistles written by the Apostle Paul. The 3rd section covers the general epistles (James — Jude) ending with The 4 Gospels (Matthew, Mark, Luke, and John) Correlated.

Prophecy, GSB400 — begins with a detailed view of prophetic points in Daniel, Revelation, and Matthew. Continues on with a verse-by-verse study of the Minor Prophets (Amos through Malachi) and ends with individual verse-by-verse studies of the Major Prophets (Ezekiel, Isaiah, and Jeremiah).
